

WELL. BEING.

AURCOM

A THERMORY® COMPANY

There's something quiet, almost unspoken about being Nordic. Tough winters see nature come to a standstill... only to be reawakened by the powers of spring.

When forests and rivers patiently hibernate until they return to full life with the first rays of sun. When aspen and alder trees grow tall and beautiful to be reborn into pieces of fine woodwork. When after a long day you enter a sauna feeling the need to peacefully unwind and free your mind.

At Auroom, we aim to be the true ambassadors of the Nordic sauna and wellness culture, who passionately and relentlessly spread it around the world.

We create our sauna to bring you wellness. We have a long-standing passion for wood and master pure, clean, modern design, perfected to the last detail. Our saunas are tailored to meet your desires, powered by our dedication and craftsmanship.

Our sauna traditions, which stretch over centuries, have been given a modern shape to fit into today's world and make your days more enjoyable, both aesthetically and physically.

We invite you to experience that first-hand. Feel refreshed, feel reborn.

Nativa is a sauna where simplicity and rationality emerge. It is designed to instill a sense of calm and tranquility.

We call it Nativa because we want the space to feel native to your home. Its strong relief wall panels give you a sense of safety and the comforting feeling that you belong.
